Canberra - Borocwa

Coctamundra.

16-18/1/54

Left house at 57582 for Boroowa.

≈ 10 miles NE of Boroowa 16-1-54

57582 *Cenchrus ciliaris* sp., *Leptocarpus*
muscioides, *Didymopanax australe*,
Trees of *S. meliodora* *blakelyi* and *albens*.
Acacia coriacea, *Praxibulus duplex*, *Leptocarpus*
Pasture thick mainly *Dicranthera* *pauciflora*
fuscescens, *Phaulacridium* *viridatum*,
some *Danthonia* & *Themida*.
Brachyexama *lobipennis*, *Austroicetes*
pusilla, *A. vulgaris*

Boroowa 57595

Turn off to Murrumburrak 57597

57599 *Leptocarpus muscioides*,
Praxibulus duplex, *Phaulacridium*
pasture well grazed and predominantly dry
viridatum, *Brachyexama* *lobipennis*,
except for clumps of *Dicranthera*, and
Austroicetes pusilla.
some *Themida*. Devil's claw very thick.
High population of *Praxibulus*, *Brachyexama*,
and *Phaulacridium*.

57600 *Paratettix argillaceus*
Creek - not running - few stagnant
pools. 1. *Tettig.*

57611 *Oedaleus australis*, *Praxibulus*
E. meliodora - *albens* *ausp.* Trees
duplex, *Phaulacridium vittatum*,
parkland density. Pasture tussocky
and dry. *Stipa* - *Danthonia* with dry
aufralis, *Austroicetes pusilla*
Enneapogon - many Saffron Thistles in
patches. Some leaf debris under euc.

57619 Kardon

57620 Murrumburrak

57623 *Paratettix nigrescens*
Demondrille Creek. 3 Tettig. close
to waters edge.

57631 *Phaulacridium vittatum*,
E. meliodora, *blakelyi* with odd
Austroicetes pusilla
Kurrajong, on hillside with outcrops of
granite boulders. Tall dense pasture mostly
dry, with thick patches of *Centeuroides*.
Dicantheim dominant with some *Poa*
and *Enneapogon* and Dandelion spp. Anoplogs
feeding on *E. blakelyi*.

57633 Wallandbeen

57638 ^{Praxibulus duplex} Creek area, well grassed. (Kikuyu?)
in base. lined with *Euc. macrocarpa*
and young *polyanthamus*. Pasture dry except
for creek bed and banks. Remainder supporting
Dicanthium with some *Stipa*. *Eriopogon*
and *Cenchrus* also present throughout.
Sight record of *Gastro.* & *Ch. terminifera*.

57646 Cooramundra

57664. ^{*Oedolagus australis*,} *E. meliodora* & allens on hill top
^{*Phaulacridium vittatum*, *Macropus*}
occ *E. macrocarpa* & *polyanthamus*. Side
^{*australis*, *M. scuriflorus*, *Chortrietes*}
of hill slightly stoney with an even
^{*terminifera*, *Chortrietes vulgaris*}
pasture of *Stipa-Eriopogon* and odd
clumps of *Dicanthium*, with scattered
Saffron Thistles. Sight record *A. pusilla* &
Gastro.

57672 Coolac.

57682 ^{*Lagetta nigrescens*} Cooney's Creek. Tettigs taken

along waters edge, on wet sand.

Stayed night.

17-1-54

57684 Jugiong

57690. ^{Prasichulus duplex, Chotoicetes}
^{hemisphaerica} *Emacrorryncha polyanthamus*
with cold *Dealbata*. Pasture semi dry
mainly *Stipa* and *Enneapogon*. Some
Dicanthemum and *Aristida* on the slope of
the hill.

57700 ^{Goniaca sp., Prasichulus duplex}
^{macrotyna australis, Ruzicoides}
Heavily wooded area of *E. blakeyi*
maculata, and *macrotyna*. Odd tree
(^{vulgaris} iron bark) & *melanophloea*. Pasture dry
with much leaf debris. Pasture -
Stipa - *Danthonia* - *Agropyron* under tree
canopy and scattered *Enneapogon*.

57713 ^{Prasichulus duplex, Prachygnathus}
^{lobipennis, Macrotyna australis}
cleared area with only cold
tree *macrotyna* left standing.

Austroicetes vulgaris
Pasture scattered and heavily grazed.
with patchwork pattern of annuals -
Eriosegona some Danthonia. - Aristida
High population of Brachyotum - Proxibulus.

57717 Bourning. — generator on the blink
Straight through to Borroowa back
Canberra. arrived 9:30 pm practically
no lights.

Monday 18-1-54. A.C.T. 6-707.

Canberra 7818.

Turn off to Sutton from main highway 7829.

7829 Hillside slope - cleared to crest.
Paratettix argillaceus, *Oedalus*
australis, *Proxibulus duplex*, *Phacelotoma*
b. macrorrhyncha - *b. maculata*. Pasture dense
australis, *Phacelidium wittatum*,
with numerous large *Stipa* clumps. odd area
of *Austroicetes pusilla*
of *Aristida* with mainly *Poa* clumps.

7830 Sutton

Gastromargus musicus, *Praxihulus*
7836 Undulating cleared area Tussocky
^{duplex, *Brachypogon* *polipectus*}
pasture predominantly *Poa* with some
Themida - occas. large *Stipa*.

7841 Gundaroo

Coniza sp., *Gastromargus*
7844 crest of hill occas. *Euc. macrocarpa*
^{*musicus*, *Phaulacridium* *vittatum*}
Tall tussocky area of *Stipa* - quite dense.
^{*Brachypogon* *duplex*, *Thysanotus* *australis*,}
with *Themida* and *Poa* in intervening
^{*Austroicetes* *vulgaris*, *A. pusilla*}
spaces. Some *Enneapogon* on lower slope.
Shale-like rocky soil.

Oedaloa *australis*, *Praxihulus*
7856 cleared area with scattered
^{duplex, *Phaulacridium* *vittatum*,}
B. polyanthamus, *Blakelyi* and occ.
^{*Brachypogon* *polipectus*}
meliodora. Nature pasture - dry. Dominant
sp. being *Poa* and *Enneapogon* with
clumps of *Arctida* scattered throughout.
Fairly uniform cover but well grazed on
low undulating country.

7861 Gunning

7868 Dalton

7869 ^{Sonchica sp., Phaulacridium}
C. polyanthamus and *macrotyrcha*
with high *Paraphysocoma liliifolia*
with odd trees of *C. blakeyi* scattered
on side of hill. Some young regenerations
of *polyanthamus*? Shrubby herb dominant
with *Themida*, *Aristida* and *Danthonia*
occurring as occur.

7874 ^{Sonchica sp., Phaulacridium}
Nearly wooded area. — *C.*
vittatum, *macrotona australis*,
macrotyrcha, *Wooliana*, *maculata*,
and ^{Austrofrax} *Wool* bark (*C. melanophylla*) Much
leaf debris. Pasture sparse — *Aristida*
tussocks, *Agrropyron* and few *Poa*
and *Stipa* clumps.

Turned to Yass at 7880.

7881 ^{Paraphysocoma australis,}
Cleared hill with small *Ti-tree*
P. argillaceus, *Sonchica* sp.,
shrubs in patches pasture predominantly
Casuarina *pusillus*, *Peckia*
Cangaroo — *Danthonia*. Ground quite
puberula, *Paraphysocoma*
rocky creek at bottom of hill. *Lethigs*
^{*leipennis*}
taken here.

Yass Junct 7892

Yass 7895 —

Straight through to Canberra
